

The Fitzrovia Partnership's Community Grant

Purpose

The Fitzrovia Partnership's (TFP) Community Grant supports our mission to maintain high levels of engagement with businesses and communities, ensuring shared priorities and active participation.

Through this grant, TFP invests in local charities, community organisations, and social enterprises that deliver projects strengthening connections within the Fitzrovia BID area. This policy sets out the framework for the 2025 pilot programme.

If successful, the grant will be relaunched and formalised in 2026 as a permanent annual programme, fully embedded in TFP's CSR commitments. The grant is intended for initiatives where direct investment in Fitzrovia can be demonstrated.

Funding is unrestricted, but all recipients must align with TFP's missions and provide full transparency on how funds are used and what impact is achieved.
